

In the name of Allah most grateful and Merciful

1- **In accordance** with the Islamic values and ideals of humanity governing situations of armed conflicts.

Applying the provisions of international humanitarian law in the four Geneva Conventions of 1949 and their Additional Protocols of 1977.

Emphasis on what came in the Istanbul declarations issued by the second consultation meeting of the ICIC and National Societies of Red Crescent and Red Cross in oic member states on June 2008 and the previous declarations issued by the IFIHL Seminars organized in Tehran in 2010, and Kuala Lumpur in 2011, concerning respecting the rules of international humanitarian law and the relevant provisions of Islamic Shariah in areas where violations of this law.

In the frame work of the 27th session of the Islamic Committee of the International Crescent (ICIC) , which was held on February 29-March 2, 2012 in Kyrenia - Turkish Republic of Northern Cyprus, the Islamic Forum of international humanitarian law (IFIHL) in cooperation with the North Cyprus Turkish Red Crescent Society, organized the International Seminar on violations of International humanitarian law: humanitarian and legal solutions in the Organization of Islamic cooperation (OIC) . The researches topics and interventions in the seminar focused on the following themes:

- Violations committed during the armed conflict, according to the rules of international humanitarian law and the relevant provisions of Islamic Shariah.
- Documentation and Statistics of the committed violations.
- Humanitarian and legal solutions for committed violations.

Recalling the role of IFIHL in the fields of dissemination and promotion of international humanitarian law and the relevant provisions of Islamic Sarah, as well as the role of National Societies of the Red Crescent and Red Cross and humanitarian organizations, universities, education

centers and science in these fields to define these rules in order to protect victims who are subjected to serious violations during armed conflicts.

The Participants in this seminar made the Kyrenia Declaration for the humanitarian and legal solutions of the violations of international humanitarian law, and reached the following recommendations:

1 - Stress their condemnation of the serious violations of international humanitarian law.

2- Calls the IFIHL to organize seminars on prosecution the perpetrators of violations of international humanitarian law and training courses on international humanitarian law and relevant provisions of Islamic Shariah for physicians, judges and prosecutors.

3 – Encourages the IFIHL to expand its activities and to highlight human values within the Movement components and Humanitarian institutions involved.

4 - Emphasis on tolerance and support efforts to achieve justice for the victims and national reconciliation among all the conflicting parties in order to bring peace, security and stability.

5 – Recommends the OIC to contribute and work in the field of monitoring the violations of international humanitarian law.

6 - Calls the National Societies of the Red Crescent and Red Cross, institutions, and humanitarian and social organizations in the OIC States to strengthen the cooperation and solidarity with the North Cyprus Turkish Red Crescent Society, by providing material and moral support in the field of humanitarian work.

7- Notes the desire of the Turkish Muslim people of Cyprus to fully integrate with the international community, whereas they are still left in isolation as a victim of conditions in which they have no fault,

Regrets the unilateral formal recognition by the International Committee of the Red Cross (ICRC) of the “Cyprus Red Cross Society” on 23 February 2012, pending the application for formal recognition by the ICRC of the North Cyprus Turkish Red Crescent Society, whereas the “Cyprus Red Cross Society” does not meet the conditions for recognition put forth in Article 4 of the Statutes of the International Red Cross and

Red Crescent Movement, first and foremost the criterion which requires that said Society extend its services to the entire territory of the Island of Cyprus.

Urges the ICRC to formally recognize the North Cyprus Turkish Red Crescent Society as soon as possible, thus alleviating the current violation, caused by the unilateral formal recognition of the “Cyprus Red Cross Society”, of the non-political humanitarian principles that govern the International Red Cross and Red Crescent Movement,

Recalls the calls upon Member States by the Council of Foreign Ministers of the Organization for Islamic Cooperation to strengthen effective solidarity with the Turkish Muslim people of Cyprus, closely associating with them, and with a view to helping them materially and politically to overcome the inhuman isolation which has been imposed upon them, to increase and expand their relations in various fields,

Calls the Member States and the National Societies to take a firm stand against this groundless and unjust decision, which is unacceptable to the ICIC.

Strongly supports the North Cyprus Turkish Red Crescent Society in its humanitarian endeavours as well as its recognition process at all platforms. On the occasion of the this seminar , the “Friends of the North Cyprus Turkish Red Crescent” has been established based on the common will of the 15 founding National Societies,

8 - Thanks and appreciates the Northern Cyprus Turkish Red Crescent for hosting the ICIC 27th session, including the International seminar on violations of international humanitarian law: humanitarian and legal solution
